PROFESSIONAL SUMMARY

Communications professional with more than one year of combined marketing and communications experience across live-service game publishing, client education, and internal communications. Experienced in player-facing product messaging, editorial workflows, interview-question development, event support, campaign reporting, live training, and cross-functional approvals.

PROFESSIONAL EXPERIENCE

Digital Extremes

Remote, ON

Content Marketing Coordinator

May 2025 - August 2025

- Wrote, edited, published, and adapted player-facing Warframe messaging across web, social, and in-product channels for announcements, events, collaborations, and live-service updates.
- Coordinated editorial schedules, approvals, revisions, and asset delivery across marketing, design, development, and global teams under time-sensitive campaign and release windows.
- Developed all interview questions and supported filming for Warmframe, an official multi-part Warframe: 1999 voice-actor video series published on the Warframe YouTube channel.
- Captured and edited short-form gameplay footage and visual assets for social content, adapting materials for different platforms and campaign needs.
- Supported TennoCon 2025 content production and implementation of existing event plans, while also moderating community responses on sensitive player-facing content.

Xodus Travel Services Inc.

Remote, ON

Billing Specialist

April 2026 - Present

- Support claims billing and payment operations across recurring workflows, exception handling, documentation, and internal stakeholder coordination.
- Coordinate daily and weekly operational routines while keeping records, supporting materials, and CRM updates aligned with internal procedures.
- Investigate discrepancies and exception items with cross-functional stakeholders to support timely resolution.
- Maintain training notes and process references while identifying unclear handoffs and repeatable workflow improvements.

Toronto Police Service

Toronto, ON

HR Communications Student

January 2025 - April 2025

- Audited HR communications infrastructure to identify gaps in documentation, process consistency, and cross-team coordination.
- Prepared a formal communications report for board-level leadership and supported the manager-led presentation by supplying context where appropriate.
- Created employee-facing materials, onboarding resources, newsletters, and feedback tools to improve internal communication clarity.

Manulife

Waterloo/Toronto, ON

National Education Specialist

January 2023 - August 2023

- Created and distributed CRM-based client education materials, coordinating input and approvals with internal teams and select client representatives.
- Connected CRM, Excel, and Power BI data using native Microsoft integrations to streamline reporting and reduce manual dashboard update work.
- Delivered live training sessions and recorded webinars for groups of approximately 10-15 participants, plus smaller hands-on sessions with interactive questions and answers; created supporting guides and process references.

COMMUNITY EXPERIENCE

Independent Game Project

Remote

Community Operations & Moderation Support

2026 - Present

- Support Discord operations for a pre-launch Roblox game community, including moderation, announcements, events, escalation handling, community planning, and role, bot, and AutoMod organization.
- Bring earlier volunteer leadership across Warframe clan community servers, including administration, moderation, events, bot setup, and transitions to successor owners.
